

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Tou-pall, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

Good Advice Heeded.

She—Don't be downcast. Take heart.

He—I will, if you let me take yours.

Catarrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing must be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

It is a wise man who says never a word when the other fellow happens to be a few sizes the larger.

ST. CHARLES WOMAN WAS FORTUNATE

It Was a Lucky Day for Mrs. Wietheolter When She Read About Doan's

"I had such awful cutting pains in the small of my back and hips, I often had to cry out," says Mrs. Ernest Wietheolter, 550 Madison St., St. Charles, Mo. "The pain was knife-like and I couldn't turn in bed, in fact I was almost helpless. My feet and ankles swelled badly, my hands were puffed up and there were swellings under my eyes. I often got so dizzy I had to sit down to keep from falling and my health was completely broken down. The kidney secretions pained terribly in passage and in spite of all the medicine I took, I kept getting worse until I was a wreck.

"By chance I read about Doan's Kidney Pills and bought some. After I had used half a box there was a change and I continued to improve; the pains, aches and swellings left and my health returned."

Sworn to before me, WM. F. WOLTER, Notary Public. ALMOST TWO YEARS LATER, Mrs. Wietheolter said: "I think as highly of Doan's as ever. Whenever I have used them, they have benefited me."

What a Home Man Says:

Charlotte, N. C., Sept. 30, 1919.

Person Remedy Co., Charlotte, N. C. Dear Sirs: I have had exceptionally beneficial results from taking Mrs. Joe Person's Remedy. For several years I have suffered with what is called "uric acid" and have taken a number of medicines in various sections of the country as prescribed by physicians, who for the most part very frankly stated that they did not know what my trouble was, beyond stating that it was "uric acid." They did not know what caused it nor did they know a remedy that would cure it. Some kind of salts were usually prescribed by them. My feet were almost always blistered and running; raw places made it impossible for me to wear my shoes for long stretches at the time. I followed the directions in taking Mrs. Joe Person's Remedy and for several months now have not had a re-appearance of the trouble. I believe that this remedy will eliminate uric acid if taken in sufficient quantities. Yours truly, B. T. GROOME.

A Curious Case.

"Here's a curious case." "What's the matter?" "Young woman of twenty-seven marrying an old man, past seventy." "Nothing peculiar about that—the old man is very rich, I presume." "That's the curious thing about it—he isn't; he's as poor as a church mouse."

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold at night and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

Finds a Giant Spruce. N. L. Carey, forest assistant in the Olympic national forest, has discovered what he believes to be the largest spruce tree in the world, says the American Forestry Magazine of Washington. It measures 16 feet in diameter 4½ feet from the ground. It is on the south side of the Solduck river. The top was broken off 150 feet above the ground.

Important to Mothers Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher* In Use for Over 30 Years. Children Cry for Fletcher's Castoria

Grease Taboo. It is difficult to keep Arabian troops supplied with effective firearms, as they have a religious objection to using grease even for cleaning rifles.

GILBERT BROS. & CO., Baltimore, Md.

NO KNOWN CURE FOR BLACKHEAD

Ailment Caused by Parasite, and Is Characterized by Great Sores in Caeca.

PREVENTIVE MEASURES BEST

On Farms Where an Outbreak Has Occurred All Birds Not Affected Should Be Sold for Meat—Disinfect Premises.

Blackhead in turkeys is caused by a parasite and is characterized by great sores in the caeca (blind intestines) and liver. This microscopic parasite causes irritations, destruction of the tissues, and nearly always the death of the affected turkeys.

The characteristic symptoms of the disease are as follows: The loss of appetite and tendency of affected birds to stand apart from the rest of the flock in common. When the intestines are severely affected the birds have diarrhea and the droppings are liquid and stained orange yellow; this is a characteristic symptom. Diseased birds are frequently found dead under the roosts.

Means of Diagnosis. The only sure means of diagnosis, however, is by post-mortem examination of a bird that has recently died. The bird should be cut open to expose the internal organs, and the liver and caeca examined. The presence of large sores in the substance of the liver and the caecal walls is sufficient evidence for a diagnosis. The caecal sores may vary from a single point to a large scab covering nearly all the lining of both caeca. The liver is very much enlarged and the sores on it are two-fifths to three-fifths of an inch in diameter.

At the present time there is no known cure for this disease and the only means by which it can be controlled is by preventive measures. On farms where an outbreak has occurred, all the turkeys which have not come down with the disease should be marketed for meat and not sold for breeding. Nor should eggs from an infected flock be used for hatching. It would be well not to attempt to restock a farm with turkeys for several months; and not until a thorough disinfection of the premises has been made, by exposing the ground to the hot summer sun and by the liberal use of freshly slaked lime in the poultry houses, roosting places, and feeding pens.

Make Fresh Start. A fresh start may be made by hatching turkey eggs under hens, or

Healthy and Vigorous Tom.

by obtaining fresh breeding stock from a non-infected district. It is recommended that turkey raising be conducted on dry, sandy, well-drained lands, since blackhead seems to be prevented in large part by dryness of the surroundings.

IMPROVEMENT OF CORN CROP

Little Extra Care in Selecting, Curing and Testing Seed Will Increase Net Profit.

Extra care in selecting, curing, testing and grading the seed corn will do much to improve the stand and yield of corn, thus saving labor, reducing cost per bushel and increasing net profit per bushel. It requires the same labor to manure, to plow, to disk, to harrow, to plant and to cultivate a 40 per cent stand as is required for an 80 per cent or a 100 per cent stand.

KEEP EVERY TOOL IN PLACE

Practice of Keeping Bolts and Screws of All Kinds Mixed Together Is Not Good Plan.

Farm tools and materials should be kept in their proper places. If they all haven't a place, one should be provided for each. Do not keep all sizes of bolts and screws mixed together in a single receptacle, but fit up suitable boxes or bins, properly marked, so that the supplies may be accessible on short notice.

OPERATION OF DISK PLOWS

Best Work in Hard Soils When Sharp—Have Narrow Carriage in Working in Orchard.

A sharp disk plow insures good work in hard soils and rolls better. Self-lift disk plows save labor and do better work. For work in the orchard, disk plows should have a narrow carriage, and the operating levers should be low so as not to catch limbs of the trees.

SKIMMILK FED CALF TO GOOD ADVANTAGE

Change From Whole Milk Should Be Made Gradually.

Amount of Meal to Be Given Depends on Size of Animal—Encourage Youngsters to Take Hay and Grain at an Early Age.

Many times a farmer selling milk has a surplus which he runs through the separator. This provides a limited amount of skimmilk which can be fed to calves to good advantage. In such case the milk in the ration can be gradually changed from whole milk to skimmilk at the end of two or three weeks by substituting an equal amount of skimmilk for each portion of whole milk removed, according to W. W. Swett of the University of Missouri College of Agriculture. A complete substitution can be effected in a week or ten days, at which time a good,

Teaching Calf to Drink, Showing Two Fingers in Mouth.

healthy calf should be receiving about six quarts a day. In case the supply of milk is irregular it is well to have on hand a supply of skimmilk powder, which can be mixed with water at the rate of one pound to every nine pounds of water. This can be fed the same as the whole or skimmilk.

When the calf is started on calf meal the amount to be added varies with the size of the calf and the brand of meal. Directions included with the meal should be followed very carefully. In almost every case, the recommendations are to mix the meal with either hot or cold water in sufficient amounts to make a thick, pasty gruel. This is stirred carefully to remove all lumps and then diluted with boiling water. The gruel is usually added to the skimmilk and fed at approximately blood temperature. It should never be fed cooler than 95 degrees Fahrenheit and should be given at the same temperature every day. A thermometer is necessary; "guess work" has no place in calf feeding. The amount of skimmilk should be gradually decreased and the amount of calf-meal gruel increased. At the end of six weeks the milk can be discontinued. At this time the calf may be taught to eat the dry meal from a feed box if small quantities are rubbed on its nose after it has finished drinking. Feed the dry meal regularly and in small quantities so that none will be left in the feed box to spoil. Give just what the calf will readily eat, and develop the appetite slowly. The gruel can be continued until the calf is four months old and perhaps somewhat longer if desired.

It is always advisable to get the calves to take hay and grain at as early an age as possible. They will usually begin when three or four weeks old if given the opportunity. The early development of this habit helps greatly when calves are taken off the calf-meal ration, for they are already taking liberal quantities of hay and grain and the change to this ration alone will be gradual. The calves will not suffer such a serious "set-back" as they might otherwise experience. For the first six to eight weeks the hay fed should be a fine grade of timothy or a coarse alfalfa or mixed hay. Fine alfalfa hay is so palatable that the young calf will eat too much. Either feed a coarse hay or limit the amount of hay which the calf can get. After this time alfalfa may be fed liberally in safety.

BEST PACKAGES FOR MARKET

Forms and Sizes of Receptacles for Fruits and Vegetables to Be Worked Out.

What are your ideas about forms and sizes of packages for the marketing of fruits and vegetables? Better give them to the Bureau of Markets, Washington, D. C. This whole proposition will be worked out before long and all of us want standard packages that will prove satisfactory.

Commerce TRUCKS

Speedy-Sturdy-Dependable

THE ONLY truck delivered to purchaser completely equipped with impulse starter, electric lights, windshield, bumper, driver's seat and spot light.

Commerce Trucks were the first to adopt pneumatic cord tires as standard equipment. It has been conclusively demonstrated that pneumatic cord tires on trucks increase the life by eliminating vibration—permit greater speed—give better traction—triple tire mileage—double carrying capacity of a truck and are more economical.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

The "Yes" Artist.

"When a man says 'yes' to everything you suggest, stop suddenly some time and you'll probably find that he isn't paying much real attention to your remarks."—Exchange.

SEVERE COUGH PAIN IN SIDE

Cayce, S. C.—"At one time I had a hurting under my right shoulder blade also a very severe cough and pain in my right side."

My husband had four different doctors for me and none of them did me any good. Some said I had consumption and others said I would have to have an operation. I was down to the last of April from the first of April to about the latter part of September—and band wrote to Dr. Pierce stating the case, and told what the doctors had said. He replied, advising me to take Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Pleasant Pellets. When I had taken one bottle of the 'Discovery' I could sit up for an hour at a time and when I had taken three bottles I could do my cooking and tend to the children. I continued its use and was then in good health.

"I recommend Dr. Pierce's Golden Medical Discovery to all my neighbors and to everyone who suffers as I did."—MRS. W. DORN.

TIRED AND WORN-OUT

Memphis, Tenn.—"I can highly recommend Dr. Pierce's Golden Medical Discovery to any one in need of a tonic. I used to be very frail and delicate, when I was young and whenever I would become exceedingly tired and worn-out I would take a bottle of 'Golden Medical Discovery'. It never once failed to put new life in me and restore me to perfect health."—MRS. CATHERINE SCHAEDEL, 2076 Carr Ave.

Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine. All druggists. Liquid or Tablets.

WHEN YOU SUFFER FROM RHEUMATISM

HEADACHE

Often Caused by

Acid-Stomach

Yes, indeed, more often than you think. Because ACID-STOMACH, starting with indigestion, heartburn, belching, food-repeating, bloating and gas, if not checked, will eventually affect every vital organ of the body. Severe, blinding, splitting headaches are, therefore, of frequent occurrence as a result of this upset condition.

Take EATONIC. It quickly banishes acid-stomach with its sour blast, pain and gas. It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This often causes rheumatism, biliousness, cramps of the liver, heart trouble, ulcers and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.

If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid-stomach.

In EATONIC you will find the very help you need and it's guaranteed. So get a big 50c box from your druggist today. If it fails to please you, return it and he will refund your money.
